**INTERIM POLICY ON PROGRESS REPORTS TO PARENTS/GUARDIANS**

Progress reports are sent to parents midway through each quarter or whenever the student is having academic or classroom behavior problems. No teacher can give an “F” grade on a student’s report card unless the parent/guardian has been notified at least 3 weeks prior to the end of the grading period. The district encourages early and frequent communications with parents whenever there are concerns about a student’s progress. Also, parents may request to have progress notices sent more frequently if desired.
