Excellence and Equity in Education

June 27, 2018

Dear Parents and Students,

Driver's Education Scholarship applications are now being accepted through November 1, 2018. This exciting opportunity is being offered to students that meet the qualifications listed below. The purpose of this Driver's Education Scholar's Program is to help provide more teens access to attend Driver's Education and ultimately attain a Wisconsin Driver's License who otherwise would not be able to afford to do so. **Students who are in the free or reduced lunch program and/or in an ethnic minority group will be given priority consideration but any student in need of financial assistance will be considered.** The program is being offered through a partnership with Dane County.

Recipients of the **Driver's Education Scholarship** will receive admission and fee waiver to the Driver's Education Program, a value of up to \$425! Applicants can choose from any of the Driver's Education programs offered through CESA 2 including classes this summer. **The Driver's Education Scholarship includes classroom instruction and behind the wheel instruction, instruction permit and probationary license.**

Qualifications for scholarship applications:
