DRIVER EDUCATION

The course will be run by CESA #2 and the total cost of the course is the responsibility of the student. As a convenience to students, the driver's education course will be offered in Deerfield.

The driver education program will provide students with the basic knowledge of learning to drive an automobile. Completion of the program does not guarantee that students will be successful in passing the road test. Students will need additional driving practice with their parents or with a qualified licensed driver according to the rules set forth in the Wisconsin Driver's manual.

Students with exceptional educational or physical needs may be enrolled in driver education or another form of traffic safety program as specified by their Individual Education Program.

In offering this program, the Deerfield School District will not discriminate against pupils on the basis of sex, race, religion, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional, or learning disability or handicap.
