Proposed changes will be brought to the board for approval.
2. **Code Meeting Dates:** It was suggested that a code meeting be held this spring during the day for students and in the evening for the parents. There would still be code meetings held the night of student registration in August.
3. **Spring Sports Update:** There have been many events canceled or rescheduled due to the weather.
4. **Other:**
  - a. **Upper Mezzanine:** Paul Haag, wrestling coach, requested that the fence that divides the room be taken down now that the old fitness equipment has been removed. The area will be used for spirit squad and wrestling practices starting in the fall.
