

# *Online Summer School 2020*

**Summer School Registration is Taking Place June 5-June 15!!!**

**Session A: Monday, July 6 – Friday, July 24 (9am-Noon)**

The safety and health of our students and staff is our priority. Based on guidance from Public Health and the Department of Public Instruction, we will **NOT** hold face-face classes, but will offer online learning and learning packets. Virtual summer school provides a safe environment for students to continue building relationships with their teachers and classmates.

We will be offering a variety of **interesting** and **fun** classes for children 4K – 12th Grade. If your student does not wish to take three classes, they now have the option to register for only one or two. Students can access class content at any time or place. Whether your student attends day care, spends the summer with a relative, has a summer job, or travels on vacation, they will still be able to participate in the fun!

**All registration will be done online (using Skyward login) via the school website at [www.deerfield.k12.wi.us](http://www.deerfield.k12.wi.us) (beginning June 5). Please be careful entering in your student's information so we have correct data (name, grade, class choices, etc.)**

You must register your child at the grade level that he/she is in **THIS YEAR**. The last day to register for any session is Monday, June 15. Learning packets/supplies will be available for pick up at the DES office.

Parents enrolling students in Summer School classes can begin to register starting June 5 at 4:00 pm. Parents can register online from your own home computer. We do not recommend using a cell phone for this process. Schedule and course descriptions are available on the Deerfield website.

Due to early school closure, the summer vacation may feel very long. Participating in virtual summer school will provide a casual opportunity for students to stay connected and explore new interests.
