

Tips for Preparing for Final Exams

1. **Organize** your notebooks and folders so that notes, handouts, homework and tests are in order.
2. **Prepare** study tools, like flashcards. It doesn't take long to make them and it makes studying much easier. (also makes it easy for someone to help you study)

3. **Review** notes, tests and quizzes in advance - a little bit each night (starting now)! Cramming is stressful and isn't that effective anyway.
